FISCAL ANALYSIS

ASSUMPTION

Officials at the **Office of the Secretary of State (SOS)** assumes each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, sub-section 115.063.2, RSMo, requires the state to pay the costs. The cost of the special election has been estimated to be \$7.1 million based on the cost of the 2012 Presidential Preference Primary. This figure was determined through analyzing and totaling expense reports from the 2012 Presidential Preference Primary received from local election authorities.

The Secretary of State's Office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and sections 116.230-116.290, RSMo. The Secretary of State's Office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. Funding for this item is adjusted each year depending upon the election cycle with \$1.3 million historically appropriated in odd numbered fiscal years and \$100,000 appropriated in even numbered fiscal years to meet these requirements. The appropriation has historically been an estimated appropriation because the final cost is dependent upon the number of ballot measures approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2013, at the August and November elections, there were 5 statewide Constitutional Amendments or ballot propositions that cost \$2.17 million to publish (an average of \$434,000 per issue). Therefore, the Secretary of State's Office assumes, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. However, because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly change the amount or eliminate the estimated nature of our appropriation.

Officials from the **Governor's Office** assume there should be no added cost to their office as a result of this measure.

ASSUMPTION (continued)

Officials from the **Missouri House of Representatives** and the **Office of the Lieutenant Governor** each assume the proposal will have no fiscal impact on their respective organizations.

Officials from the **Missouri Senate** assume the proposed legislation has no fiscal impact to their organization beyond existing appropriations.

FISCAL DESCRIPTION

This proposed constitutional amendment, if approved by the voters, would modify the gubernatorial appointment process. Specifically, the amendment provides that whenever a vacancy occurs in any office of department head, the Governor may appoint an acting or temporary department head in such manner and for such time as provided by law. Currently, the Governor is required to appoint all members of boards and commissions with the advice and consent of the Senate. This amendment provides that if the Governor fails to select a person for such a board or commission within ninety days of a vacancy, then the Lieutenant Governor shall make the appointment with the advice and consent of the Senate. The amendment modifies the senatorial duties of the Lieutenant Governor by removing his or her ability to cast a deciding vote in the Senate on matters related to appointments of members of boards and commissions submitted to the Senate.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
